

Proposed Heydon Grange Wind Farm

Update on the Windfarm

Paul Sexton, at South Cambridgeshire planning has informed us that any planning application is unlikely to be received before October due to initial consultation still being completed.

At this stage the Action Group have endeavoured to ensure that the council provide the responses to the consultation publicly (not as easy as it sounds), and that we are being kept abreast of the time-line for any planning applications.

Update on the Action Group

At this stage the Action Group feels, that while no planning application is imminent there is still plenty to organise. As a group we feel that it would be prudent to formalise a structure to the Action Group, to best use time, resources and expertise.

Some of the things that we have been doing:

- A bank account has been set-up, which some residents have already contributed funds to.
- Research and costings have been look into a landscape architect
- Website has been under development and will shortly go live

Attached are the minutes of the last meeting proposing a formal structure to the Action Group, and inviting nominations/volunteers for the various posts.
